### **DETAILED ACTION**

This action is responsive to applicants' amendment filed February 14, 2005. The amendment has been made of record, however they do overcome the rejection for reasons set forth below.

Claims 1-7 and 9-17 are pending in this application. Claims 1-5 and 7 are withdrawn from consideration. Claim 8 has been cancelled.

### ***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 6 and 9-17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Whelan (US Patent 5,918,604) in view Mehdiian (US Patent 5,092,868) and Clark et al (US Patent 5,266,075) and. The patent to Mehdiian discloses a system for securing a ligament to a bone having a flexible member with loops at each end thereof and a pulling member in figure 10. Whelan lacks a flexible member having a closed loop on each end. It would have been obvious to one having ordinary skill in the art to provide Whelan's flexible member with a loop at each end as suggested by Mehdiian for easier grasping and pulling through a bone tunnel. Clark et al also teaches the use of a delivery device for delivering a flexible member having a loop. The patent to Whelan also teaches multiple pulling members.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
